## A little about our flexible summer schedule...

At Ten Point O we realize that summer offers many types of recreation both for you and your child. Keeping this in mind, we have created the ideal summer schedule to allow the flexibility you desire. Our summer session begins on **Monday, June 10th** and continues through **Thursday, August 8th** allowing up to 8 weeks of quality gymnastic and tumbling instruction.

Since many of our members will be busy throughout the summer months, you may design your own class schedule. This means you pick and pay for only the weeks you select to take classes. (Please refer to our fee schedule for pricing.) **You must take a minimum of 4 classes and your selections must be on the same day and time.** If at all possible, we strongly recommend you take the full eight week session for optimal learning.

At Ten Point O, we require a current membership in order to participate in classes or activities held at our gym. If you are a new member or you have not participated in classes within the last year, you will need to include a membership of \$36 with your summer registration. This membership fee is an a yearly fee that comes due annually.

Also, we will try to honor your first class choice upon registration. However, if at any time class registration does not meet our minimum enrollment numbers, Ten Point O has the right to cancel the class and reschedule your child for their second class choice. **If you do not hear from us, you may assume your child has been registered for your first class choice.**
